PROFESSIONAL PROFILE

A specialist with 3 years of experience in designing and implementing technological solutions. I combine technical skills with design thinking, focusing on delivering functional and aesthetic products. I have practical experience in troubleshooting, managing digital project infrastructure, and process optimization. Focused on high-quality execution and achieving business goals in accordance with established standards.

PROFESSIONAL EXPERIENCE

TRABSKY | TRABSKY.COM | DEC 2024 - JUN 2026
DIGITAL SOLUTIONS SPECIALIST (WEB DESIGNER)

- **Project Management:** Comprehensive management of digital projects for external clients, from conceptual phase to final implementation.
- **Optimization and Functionality:** Building dynamic systems based on WordPress, ensuring smooth operation and high performance.
- **Client Collaboration:** Executing individual brand needs (e.g., globalai.life, ggg.com) by translating client vision into concrete, functional digital architecture.

ZIEMIA MOBI USŁUGI INFORMATYCZNE | JAN 2024 - NOV 2024
IT SPECIALIST

- **Technical Support and Development:** Comprehensive service maintenance, including front-end development and maintenance of back-end system functionality.
- **Analytics and Diagnostics:** Resolving technical issues and ensuring service continuity (troubleshooting).
- **Technical Marketing Support:** Creating advanced visual documentation (posters, designs) using professional software, combining technical knowledge with aesthetics.

TOOLSET ECOSYSTEM

WORDPRESS ECOSYSTEM (CMS): Advanced configuration of content management systems (WordPress, Elementor), implementation of responsive structures, and component optimization for functionality.

INTERFACE DESIGN (FIGMA): Creating advanced prototypes, designing usable interfaces (UI/UX), and mapping user paths to optimize the handling of digital products.

GRAPHIC SOFTWARE (AFFINITY): Professional proficiency in the Affinity suite (Designer, Photo, Publisher) for creating visual documentation, promotional materials, and consistent branding.

WEB FOUNDATIONS (HTML/CSS): Basic knowledge of front-end technologies, allowing for direct code modification and precise adjustment of the appearance and operation of digital systems.

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
